ABOUT ME

I'm an outstanding Frontend Developer with 3yrs of experience, in possession of exceptional problem-solving and analytical skills, developing beautiful and highly interactive web app, proactive attitude & detail-oriented with high time management skills qualities. I use top best frameworks like Nextjs (react framework), React, Redux-toolkit, tailwindcss and so on.

LANGUAGES

FRONTEND
- Next.js
- React.js
- TailwindCSS
- Redux-toolkit
- Rtk-Query
- Formik
- Moment.Js
- JavaScript
- Html5
- Css

BACKEND
- Node.js
- Express.js
- Passport.js
- MongoDB

OTHER TOOL
- Git
- Github

PROJECT EXPERIENCE

Best Pics: A website to view and download images
- Using Pixabay Api to make to pull all images to display on browser
- Using JavaScript and Next.js (React.js framework), and inbuilt fetch features to fetch the data
- Enabled Next.js inbuilt SEO
- Used TailwindCSS (top css framework) to write css very quickly
- Made the website fully responsive

Big-C: A website for buying and selling cars (still in development mode)
- Using Next.js (React.js framework) and TailwindCSS to make the website fully responsive
- Used Formik for inputs management
- Used Rtk-Query (Redux-toolkit package) to make a request to backend, using this tool reduce boilerplates and boost app performance
- Created the backend with Node.js, Express.js, Passport.js & Express-session (for authentication) and lot more. *little backend experience
- Stored data into MongoDB database
- Using Cloudinary database to store all media

RELEVANT TECHNICAL EXPERIENCE

Ability to work with teams
- Collaboration spirit to gain a successful project result
- Working delligently and efficiently as a motivation for others
- Early delivery to avoid project delay.

Debugging knowledge
- Observe errors carefully using my problem-solving skill to determine which part of a code caused it
- Using debugging tactics like interactive debugging, log file analysis, network tabs and so on
- Writing cleaner code to avoid bugs and unnecessary debugging.

EXPERIENCE

Ifeoluwa Nursery and Primary School, Oluwafemi Computer Center, Forex Trading, June 2018 - December 2020

- Ability to teach others with good result
- Ability to learn, and quickly adapt to change for engaging in new strategies and features.
- Created and implemented a fast track system for employees to get amazing profits
